

Living well with bowel cancer event

Bowel Cancer^{UK}
Beating bowel cancer together

Saturday 19 June 2021 10.30am - 2pm

Our free virtual information and support event is for anyone affected by bowel cancer. Patients will hear about how to cope with their cancer diagnosis, live better with the disease and managing the side effects of treatment.

It's an opportunity to also hear from other people affected by bowel cancer and share experiences with others. The event will end with a relaxing wellbeing session.

A working laptop, computer, smartphone, or tablet with sound and a camera will be needed for the event, which will be hosted on Zoom. An agenda of the day will be posted on our website soon.

To register for your free place and to find out more visit bowelcanceruk.org.uk/supportevents or email supportevents@bowelcanceruk.org.uk
